Appendix 4: Acceptable use agreement for younger pupils.....	17
Appendix 5: Acceptable use agreement for staff, governors, volunteers and visitors	18

1. Introduction and aims

ICT is an integral part of the way our academy works, and is a critical resource for pupils, staff, governors, volunteers and visitors. It supports teaching and learning, pastoral and administrative functions of the academy.

However, the ICT resources and facilities our academy uses also pose risks to data protection, online safety and safeguarding.

This policy aims to:

- Set guidelines and rules on the use of academy ICT resources for staff, pupils, parents and governors
- Establish clear expectations for the way all members of the academy community engage with each other online
- Support the academy's policy on data protection, online safety and safeguarding
- Prevent disruption to the academy through the misuse, or attempted misuse, of ICT systems
- Support the academy in teaching pupils safe and effective internet and ICT use

This policy covers all users of our academy's ICT facilities, including governors, staff, pupils, volunteers, contractors and visitors.

Breaches of this policy may be dealt with under our disciplinary policy and behaviour policy.

2. Relevant legislation and guidance

This policy refers to, and complies with, the following legislation and guidance:

- [Data Protection Act 2018](#)
- [The General Data Protection Regulation](#)
- [Computer Misuse Act 1990](#)
- [Human Rights Act 1998](#)
- [The Telecommunications \(Lawful Business Practice\) \(Interception of Communications\) Regulations 2000](#)
- [Education Act 2011](#)
- [Freedom of Information Act 2000](#)
- [The Education and Inspections Act 2006](#)
- [Keeping Children Safe in Education 2018](#)
- [Searching, screening and confiscation: advice for schools](#)

3. Definitions

- **"ICT facilities"**: includes all facilities, systems and services including but not limited to network infrastructure, desktop computers, laptops, tablets, phones, music players or hardware, software, websites, web applications or services, and any device system or service which may become available in the future which is provided as part of the ICT service
- **"Users"**: anyone authorised by the academy to use the ICT facilities, including governors, staff, pupils, volunteers, contractors and visitors
- **"Personal use"**: any use or activity not directly related to the users' employment, study or purpose

- **“Authorised personnel”**: employees authorised by the academy to perform systems administration and/or monitoring of the ICT facilities
- **“Materials”**: files and data created using the ICT facilities including but not limited to documents, photos, audio, video, printed output, web pages, social networking sites, and blogs

4. Unacceptable use

The following is considered unacceptable use of the academy’s ICT facilities by any member of the academy community. Any breach of this policy may result in disciplinary or behaviour proceedings (see section 4.2 below).

Unacceptable use of the academy’s ICT facilities includes:

- Using the academy’s ICT facilities to breach intellectual property rights or copyright
- Using the academy’s ICT facilities to bully or harass someone else, or to promote unlawful discrimination
- Breaching the academy’s policies or procedures
- Any illegal conduct, or statements which are deemed to be advocating illegal activity
- Accessing, creating, storing, linking to or sending material that is pornographic, offensive, obscene or otherwise inappropriate
- Activity which defames or disparages the academy, or risks bringing the academy into disrepute
- Sharing confidential information about the academy, its pupils, or other members of the academy community
- Connecting any device to the academy’s ICT network without approval from authorised personnel
- Setting up any software, applications or web services on the academy’s network without approval by authorised personnel, or creating or using any program, tool or item of software designed to interfere with the functioning of the ICT facilities, accounts or data
- Gaining, or attempting to gain, access to restricted areas of the network, or to any password-protected information, without approval from authorised personnel
- Allowing, encouraging, or enabling others to gain (or attempt to gain) unauthorised access to the academy’s ICT facilities
- Causing intentional damage to ICT facilities
- Removing, deleting or disposing of ICT equipment, systems, programs or information without permission by authorised personnel
- Causing a data breach by accessing, modifying, or sharing data (including personal data) to which a user is not supposed to have access, or without authorisation
- Using inappropriate or offensive language
- Promoting a private business, unless that business is directly related to the academy
- Using websites or mechanisms to bypass the academy’s filtering mechanisms

This is not an exhaustive list. The academy reserves the right to amend this list at any time. The Headteacher or any of the Assistant Headteachers will use professional judgement to determine whether any act or behaviour not on the list above is considered unacceptable use of the academy’s ICT facilities.

4.1 Exceptions from unacceptable use

Where the use of academy ICT facilities is required for a purpose that would otherwise be considered an unacceptable use, exemptions to the policy may be granted at the Headteacher's discretion.

Exceptions include:

- sharing inappropriate information that has been shared with you by a pupil or another member of staff. This should only be shared with the Headteacher.
- Sharing inappropriate information that will safeguard pupils, staff, governors and visitors.

4.2 Sanctions

Pupils and staff who engage in any of the unacceptable activity listed above may face disciplinary action in line with the academy's policies on behaviour and rewards policy, staff discipline and staff code of conduct.

Sanctions may include revoking the permission to use the academy's ICT equipment and systems. This will be decided by the Headteacher and/or the Assistant Headteacher for the site that pupil attends.

The associated policies can be found on the academy website: behaviour policy, staff discipline policy and staff code of conduct.

5. Staff (including governors, volunteers, and contractors)

5.1 Access to academy ICT facilities and materials

The academy's Business Services Manager authorises access to the academy's ICT facilities and materials for staff and pupils. That includes, but is not limited to:

- Computers, tablets and other devices
- Access permissions for certain programmes or files

Staff will be provided with unique log-in/account information and passwords that they must use when accessing the academy's ICT facilities.

Staff who have access to files they are not authorised to view or edit, or who need their access permissions updated or changed, should contact the BSM.

5.1.1 Use of phones and email

The academy provides each member of staff with an email address. This email account should be used for work purposes only. All work-related business should be conducted using the email address the academy has provided.

Staff must not share their personal email addresses with parents and pupils and must not send any work-related materials using their personal email account.

Staff must take care with the content of all email messages, as incorrect or improper statements can give rise to claims for discrimination, harassment, defamation, breach of confidentiality or breach of contract.

Email messages are required to be disclosed in legal proceedings or in response to requests from individuals under the Data Protection Act 2018 in the same way as paper documents. Deletion from a user's inbox does not mean that an email cannot be recovered for the purposes of disclosure. All email messages should be treated as potentially retrievable.

Staff must take extra care when sending sensitive or confidential information by email. Any attachments containing sensitive or confidential information should be encrypted so that the information is only accessible by the intended recipient.

If staff receive an email in error, the sender should be informed and the email deleted. If the email contains sensitive or confidential information, the user must not make use of that information or disclose that information.

If staff send an email in error which contains the personal information of another person, they must inform the BSM immediately and follow our data breach procedure.

Staff must not give their personal phone numbers to parents or pupils. Staff must use phones provided by the academy to conduct all work-related business.

Academy phones must not be used for personal matters.

Staff who are provided with mobile phones as equipment for their role must abide by the same rules for ICT acceptable use as set out in section 4.

The academy can record in-coming and out-going phone conversations.

Calls can be recorded for the following reasons:

- All calls to the academy office are recorded to aid administrators
- Calls are recorded for use in staff training
- Calls are recorded to log staff and parent dialog

All non-standard recordings of phone conversations must be pre-approved, and consent obtained from all parties involved.

For instance:

- Discussing a complaint raised by a parent/carer or member of the public
- Calling parents to discuss behaviour or sanctions
- Taking advice from relevant professionals regarding safeguarding, special educational needs assessments, etc.
- Discussing requests for term-time holidays

5.2 Personal use

Staff are permitted to occasionally use academy ICT facilities for personal use subject to certain conditions set out below. Personal use of ICT facilities must not be overused or abused. The Headteacher, Assistant Headteacher or BSM may withdraw permission for it at any time or restrict access at their discretion.

Personal use is permitted provided that such use:

- Does not take place during contact time, teaching hours, non-break time.
- Does not constitute 'unacceptable use', as defined in section 4
- Takes place when no pupils are present
- Does not interfere with their jobs, or prevent other staff or pupils from using the facilities for work or educational purposes

Staff may not use the academy's ICT facilities to store personal non-work-related information or materials (such as music, videos, or photos).

Staff should be aware that use of the academy's ICT facilities for personal use may put personal communications within the scope of the academy's ICT monitoring activities (see section 5.5). Where breaches of this policy are found, disciplinary action may be taken.

Staff are also permitted to use their personal devices (such as mobile phones or tablets) in line with the academy's mobile phone/personal device policy.

Staff should be aware that personal use of ICT (even when not using academy ICT facilities) can impact on their employment by, for instance putting personal details in the public domain, where pupils and parents could see them.

Staff should take care to follow the academy's guidelines on social media (see appendix 1) and use of email (see section 5.1.1) to protect themselves online and avoid compromising their professional integrity.

5.2.1 Personal social media accounts

Members of staff should ensure that their use of social media, either for work or personal purposes, is appropriate at all times.

The academy has guidelines for staff on appropriate security settings for Facebook accounts (see appendix 1).

5.3 Remote access

We allow staff to access the academy's ICT facilities and materials remotely.

- We use Office 365, RM Integris and My Concern for our pupil information and storage systems.
- These systems are managed by the BSM, Headteacher and Assistant Headteachers.
- Each system requires a username and password.

As these are web- based systems, all staff have access to them.

Staff accessing the academy's ICT facilities and materials remotely must abide by the same rules as those accessing the facilities and materials on-site. Staff must be particularly vigilant if they use the ICT facilities outside the academy and take such precautions as the BSM and ICT manager may require from time to time against importing viruses or compromising system security.

Our ICT facilities contain information which is confidential and/or subject to data protection legislation. Such information must be treated with extreme care and in accordance with our data protection policy.

The academy data protection policy can be found on the academy's website.

5.4 Academy social media accounts

Not yet created.

5.5 Monitoring of academy network and use of ICT facilities

The academy reserves the right to monitor the use of its ICT facilities and network. This includes, but is not limited to, monitoring of:

- Internet sites visited
- Bandwidth usage
- Email accounts
- Telephone calls
- User activity/access logs
- Any other electronic communications

Only authorised ICT staff may inspect, monitor, intercept, assess, record and disclose the above, to the extent permitted by law.

The school monitors ICT use in order to:

- Obtain information related to academy business
- Investigate compliance with policies, procedures and standards
- Ensure effective academy and ICT operation
- Conduct training or quality control exercises
- Prevent or detect crime
- Comply with a subject access request, Freedom of Information Act request, or any other legal obligation

6. Pupils

6.1 Access to ICT facilities

- Computers and equipment in the academy's ICT suite and classrooms are available to pupils only under the supervision of staff.
- Specialist ICT equipment, such as that used for music or design and technology must only be used under the supervision of staff.
- Pupils will be provided with an account linked to the academy's virtual learning environment, which they can access from any device.
- Pupils may have the opportunity to use an academy laptop or electronic device at home. If they do so a home academy agreement will be required to be signed by the parent and carer taking responsibility for the device and ensure that the pupils follows the guidelines set in this policy.

6.2 Search and deletion

Under the Education Act 2011, and in line with the Department for Education's guidance on searching, screening and confiscation, the academy has the right to search pupils' phones, computers or other devices for pornographic images or any other data or items banned under academy rules or legislation.

The academy can, and will, delete files and data found on searched devices if we believe the data or file has been, or could be, used to disrupt teaching or break the academy's rules.

6.3 Unacceptable use of ICT and the internet outside of the academy

The academy will sanction pupils, in line with the behaviour and rewards policy and acceptable use of ICT policy, if a pupil engages in any of the following **at any time** (even if they are not on academy premises):

- Using ICT or the internet to breach intellectual property rights or copyright
- Using ICT or the internet to bully or harass someone else, or to promote unlawful discrimination
- Breaching the academy's policies or procedures
- Any illegal conduct, or statements which are deemed to be advocating illegal activity
- Accessing, creating, storing, linking to or sending material that is pornographic, offensive, obscene or otherwise inappropriate
- Activity which defames or disparages the school, or risks bringing the academy into disrepute
- Sharing confidential information about the academy, other pupils, or other members of the academy community
- Gaining or attempting to gain access to restricted areas of the network, or to any password protected information, without approval from authorised personnel
- Allowing, encouraging, or enabling others to gain (or attempt to gain) unauthorised access to the school's ICT facilities
- Causing intentional damage to ICT facilities or materials
- Causing a data breach by accessing, modifying, or sharing data (including personal data) to which a user is not supposed to have access, or without authorisation
- Using inappropriate or offensive language

This behaviour may result in the pupil not being able to use ICT equipment, get a ban for a specified period of time, be required to pay for any damages incurred.

7. Parents

7.1 Access to ICT facilities and materials

Parents do not have access to the academy's ICT facilities as a matter of course.

However, parents working for, or with, the academy in an official capacity (for instance, as a volunteer or as a member of the PTA) may be granted an appropriate level of access, or be permitted to use the academy's facilities at the Headteacher's discretion.

Where parents are granted access in this way, they must abide by this policy as it applies to staff.

7.2 Communicating with or about the academy online

We believe it is important to model for pupils, and help them learn, how to communicate respectfully with, and about, others online.

Parents play a vital role in helping model this behaviour for their children, especially when communicating with the academy through our website and social media channels.

We ask parents to sign the agreement in appendix 2.

8. Data security

The academy takes steps to protect the security of its computing resources, data and user accounts. However, the academy cannot guarantee security. Staff, pupils, parents and others who use the academy's ICT facilities should use safe computing practices at all times.

8.1 Passwords

All users of the academy's ICT facilities should set strong passwords for their accounts and keep these passwords secure.

Users are responsible for the security of their passwords and accounts, and for setting permissions for accounts and files they control.

Members of staff or pupils who disclose account or password information may face disciplinary action. Parents or volunteers who disclose account or password information may have their access rights revoked.

Passwords will be administered by the BSM, Headteacher or Assistant Headteacher to staff or pupils who will then be able to change them.

8.2 Software updates, firewalls, and anti-virus software

All of the academy's ICT devices that support software updates, security updates, and anti-virus products will be configured to perform such updates regularly or automatically.

Users must not circumvent or make any attempt to circumvent the administrative, physical and technical safeguards we implement and maintain to protect personal data and the academy's ICT facilities.

Any personal devices using the academy's network must all be configured in this way.

8.3 Data protection

All personal data must be processed and stored in line with data protection regulations and the academy's data protection policy.

The Data Protection Policy can be found on the academy's website.

8.4 Access to facilities and materials

All users of the academy's ICT facilities will have clearly defined access rights to academy's systems, files and devices.

These access rights are managed by the academy's senior leaders.

Users should not access, or attempt to access, systems, files or devices to which they have not been granted access. If access is provided in error, or if something a user should not have access to is shared with them, they should alert a senior leader immediately.

Users should always log out of systems and lock their equipment when they are not in use to avoid any unauthorised access. Equipment and systems should always be logged out of and closed down completely at the end of each working day.

8.5 Encryption

The academy ensures that its devices and systems have an appropriate level of encryption.

Academy staff may only use personal devices (including computers and USB drives) to access academy data, work remotely, or take personal data (such as pupil information) out of the academy if they have been specifically authorised to do so by the Headteacher.

Use of such personal devices will only be authorised if the devices have appropriate levels of security and encryption, as defined by the ICT service provider.

9. Internet access

The academy wireless internet connection is secured.

- We use a web-filtering service.
- The web-filtering service work closely with our ICT Support Team to alert us of any issues including pupils and staff trying to access inappropriate material.
- If you become aware of any inappropriate internet access/sites, please inform a member of the Senior Leadership Team immediately.
- **9.1 Pupils**

Pupils have access to the internet but only through centre devices, not through their personal devices.

- WiFi is available in all parts of the academy on centre devices
- We use Capita web filtering services
- Pupils will have access under supervision from site staff.

- **9.2 Parents and visitors**

Parents and visitors to the academy will not be permitted to use the wifi unless specific authorisation is granted by the Headteacher.

The Headteacher will only grant authorisation if:

- Parents are working with the academy in an official capacity (e.g. as a volunteer or as a member of the PTA)
- Visitors need to access the academy's wifi in order to fulfil the purpose of their visit (for instance, to access materials stored on personal devices as part of a presentation or lesson plan)

Staff must not give the wifi password to anyone who is not authorised to have it. Doing so could result in disciplinary action.

10. Monitoring and review

The Headteacher, BSM and Assistant Headteachers monitor the implementation of this policy, including ensuring that it is updated to reflect the needs and circumstances of the academy.

This policy will be reviewed every year.

The governing board is responsible for approving this policy.

11. Related policies

This policy should be read alongside the academy's policies on:

- Online safety
- Safeguarding and child protection
- Behaviour and rewards
- Staff discipline
- Data protection

Don't accept friend requests from pupils on social media

10 rules for academy staff on Facebook

1. Change your display name – use your first and middle name, use a maiden name, or put your surname backwards instead
2. Change your profile picture to something unidentifiable, or if not, ensure that the image is professional
3. Check your privacy settings regularly
4. Be careful about tagging other staff members in images or posts
5. Don't share anything publicly that you wouldn't be just as happy showing your pupils
6. Don't use social media sites during work hours
7. Don't make comments about your job, your colleagues, our academy or your pupils online – once it's out there, it's out there
8. Don't associate yourself with the academy on your profile (e.g. by setting it as your workplace, or by 'checking in' at an academy event)
9. Don't link your work email address to your social media accounts. Anyone who has this address (or your personal email address/mobile number) is able to find you using this information
10. Consider uninstalling the Facebook app from your phone. The app recognises wifi connections and makes friend suggestions based on who else uses the same wifi connection (such as parents or pupils)

Check your privacy settings

- Change the visibility of your posts and photos to **'Friends only'**, rather than 'Friends of friends'. Otherwise, pupils and their families may still be able to read your posts, see things you've shared and look at your pictures if they're friends with anybody on your contacts list
- Don't forget to check your **old posts and photos** – go to bit.ly/2MdQXMN to find out how to limit the visibility of previous posts
- The public may still be able to see posts you've **'liked'**, even if your profile settings are private, because this depends on the privacy settings of the original poster
- **Google your name** to see what information about you is visible to the public
- Prevent search engines from indexing your profile so that people can't **search for you by name** – go to bit.ly/2zMdVht to find out how to do this
- Remember that **some information is always public**; your display name, profile picture, cover photo, user ID (in the URL for your profile), country, age range and gender

What do to if...

A pupil adds you on social media

- In the first instance, ignore and delete the request. Block the pupil from viewing your profile
- Check your privacy settings again, and consider changing your display name or profile picture
- If the pupil asks you about the friend request in person, tell them that you're not allowed to accept friend requests from pupils and that if they persist, you'll have to notify senior leadership and/or their parents. If the pupil persists, take a screenshot of their request and any accompanying messages
- Notify the senior leadership team or the Headteacher about what's happening

A parent adds you on social media

- It is at your discretion whether to respond. Bear in mind that:
 - Responding to one parent's friend request or message might set an unwelcome precedent for both you and other teachers at the academy
 - Pupils may then have indirect access through their parent's account to anything you post, share, comment on or are tagged in
- If you wish to decline the offer or ignore the message, consider drafting a stock response to let the parent know that you're doing so

You're being harassed on social media, or somebody is spreading something offensive about you

- **Do not** retaliate or respond in any way
- Save evidence of any abuse by taking screenshots and recording the time and date it occurred
- Report the material to Facebook or the relevant social network and ask them to remove it
- If the perpetrator is a current pupil or staff member, our mediation and disciplinary procedures are usually sufficient to deal with online incidents
- If the perpetrator is a parent or other external adult, a senior member of staff should invite them to a meeting to address any reasonable concerns or complaints and/or request they remove the offending comments or material
- If the comments are racist, sexist, of a sexual nature or constitute a hate crime, you or a senior leader should consider contacting the police

Appendix 2: Acceptable use of the internet: agreement for parents and carers

Acceptable use of the internet: agreement for parents and carers

Name of parent/carer:

Name of child:

Online channels are an important way for parents/carers to communicate with, or about, our academy. The academy uses the following channels:

- Email/text groups for parents (for academy announcements and information)
- Our virtual learning platform

Parents/carers also set up independent channels to help them stay on top of what's happening in their child's class. For example, class/year Facebook groups, email groups, or chats (through apps such as WhatsApp).

When communicating with the academy via official communication channels, or using private/independent channels to talk about the academy, I will:

- Be respectful towards members of staff, and the academy, at all times
- Be respectful of other parents/carers and children
- Direct any complaints or concerns through the academy's official channels, so they can be dealt with in line with the academy's complaints procedure

I will not:

- Use private groups or personal social media to complain about or criticise members of staff. This is not constructive and the academy can't improve or address issues if they aren't raised in an appropriate way
- Use private groups or personal social media to complain about, or try to resolve, a behaviour issue involving other pupils. I will contact the academy and speak to the appropriate member of staff if I'm aware of a specific behaviour issue or incident
- Upload or share photos or videos on social media of any child other than my own, unless I have the permission of other children's parents/carers

Appendix 3: Acceptable use agreement for older pupils

Acceptable use of the academy's ICT facilities and internet: agreement for pupils and parents/carers	
Name of pupil:	
When using the academy's ICT facilities and accessing the internet on site, I will not: <ul style="list-style-type: none">• Use them for a non-educational purpose• Use them without a teacher being present, or without a teacher's permission• Use them to break academy rules• Access any inappropriate websites• Access social networking sites (unless my teacher has expressly allowed this as part of a learning activity)• Use chat rooms• Open any attachments in emails, or follow any links in emails, without first checking with a teacher• Use any inappropriate language when communicating online, including in emails• Share my password with others or log in to the academy's network using someone else's details• Bully other people <p>I understand that the academy will monitor the websites I visit and my use of the academy's ICT facilities and systems.</p> <p>I will immediately let a teacher or other member of staff know if I find any material which might upset, distress or harm me or others.</p> <p>I will always use the academy's ICT systems and internet responsibly.</p> <p>I understand that the academy can discipline me if I do certain unacceptable things online, even if I'm not on site when I do them.</p>	
Signed (pupil):	Date:
Parent/carer agreement: I agree that my child can use the academy's ICT systems and internet when appropriately supervised by a member of staff. I agree to the conditions set out above for pupils using the academy's ICT systems and internet, and for using personal electronic devices on site, and will make sure my child understands these.	
Signed (parent/carer):	Date:

Appendix 4: Acceptable use agreement for younger pupils

Acceptable use of the academy's ICT facilities and internet: agreement for pupils and parents/carers	
Name of pupil:	
When I use the academy's ICT facilities (like computers and equipment) and get on the internet in school, I will not:	
<ul style="list-style-type: none">• Use them without asking a teacher first, or without a teacher in the room with me• Use them to break academy rules• Go on any inappropriate websites• Go on Facebook or other social networking sites (unless my teacher said I could as part of a lesson)• Use chat rooms• Open any attachments in emails, or click any links in emails, without checking with a teacher first• Use mean or rude language when talking to other people online or in emails• Share my password with others or log in using someone else's name or password• Bully other people	
<p>I understand that the academy will check the websites I visit and how I use the computers and equipment. This is so that they can help keep me safe and make sure I'm following the rules.</p> <p>I will tell a teacher or a member of staff I know immediately if I find anything on a computer or online that upsets me, or that I know is mean or wrong.</p> <p>I will always be responsible when I use the academy's ICT systems and internet.</p> <p>I understand that the academy can discipline me if I do certain unacceptable things online, even if I'm not on site when I do them.</p>	
Signed (pupil):	Date:
Parent/carer agreement: I agree that my child can use the academy's ICT systems and internet when appropriately supervised by a member of staff. I agree to the conditions set out above for pupils using the academy's ICT systems and internet, and for using personal electronic devices on site, and will make sure my child understands these.	
Signed (parent/carer):	Date:

Appendix 5: Acceptable use agreement for staff, governors, volunteers and visitors

Acceptable use of the academy's ICT facilities and the internet: agreement for staff, governors, volunteers and visitors

Name of staff member/governor/volunteer/visitor:

When using the academy's ICT facilities and accessing the internet on site, or outside the academy on a work device, I will not:

- Access, or attempt to access inappropriate material, including but not limited to material of a violent, criminal or pornographic nature (or create, share, link to or send such material)
- Use them in any way which could harm the academy's reputation
- Access social networking sites or chat rooms
- Use any improper language when communicating online, including in emails or other messaging services
- Install any unauthorised software, or connect unauthorised hardware or devices to the academy's network
- Share my password with others or log in to the academy's network using someone else's details
- Share confidential information about the academy, its pupils or staff, or other members of the community
- Access, modify or share data I'm not authorised to access, modify or share
- Promote private businesses, unless that business is directly related to the academy

I understand that the academy will monitor the websites I visit and my use of the academy's ICT facilities and systems.

I will take all reasonable steps to ensure that work devices are secure and password-protected when using them outside of the academy, and keep all data securely stored in accordance with this policy and the academy's data protection policy.

I will let the designated safeguarding lead (DSL) and ICT manager know if a pupil informs me they have found any material which might upset, distress or harm them or others, and will also do so if I encounter any such material.

I will always use the academy's ICT systems and internet responsibly, and ensure that pupils in my care do so too.

Signed (staff member/governor/volunteer/visitor):
