Dear Parent/Carer

As you may be aware we are now seeing an increase in the number of staff and pupils who are testing positive for COVID-19. In order to safely manage our sites we have, unfortunately, had to place restrictions on the numbers of pupils attending some school sites. Where restrictions have been put in place, parents have been informed and work has been set.

In order to help limit the spread of COVID-19, we would ask that children in Years 7 and above continue to complete lateral flow tests twice weekly (Sundays and Wednesdays).

If your child has symptoms of COVID-19 please isolate at home and perform a lateral flow test. If positive please arrange a PCR test in line with national guidance. If the PCR test is positive, please follow national advice and isolate at home. If the PCR test is negative, your child can return to school, although, if able, please consider daily lateral flow tests for the next seven days.

We will continue to keep parents/carers informed by telephone, the text to parents messaging service as well as the school website. In the meantime, I would like to thank you for your continued support.

Yours sincerely

Tom England
