

Social Development in the Curriculum

English	<p>Through Literacy, English, guided reading and phonics, pupils: Work alongside others to engage in partner discussions. Ask questions about characters and settings to develop social understanding. Develop conceptual and language development through an understanding of and debates about social issues. Work collaboratively on projects, listening and contributing respectfully in different situations. Engage in peer reflections, offering appropriate feedback in a sensitive way.</p>
Maths	<p>Through Maths, pupils: Working effectively alongside a partner to solve problems and check solutions and answers. Develop effective listening and communicating to share methods and ask questions.</p>
Computing	<p>Through Computing, pupils: Develop awareness of how to interact appropriately online. Know how to identify and report inappropriate social interactions experienced online. Knowing how to resolve conflict online, knowing where and how to seek support and help where needed. Explore how cyber-bullying and online safety impact social interactions online.</p>
Science	<p>Through Science, pupils: Work with a range of peers to plan, conduct and evaluate scientific investigations and experiments. Co-operate with others when working scientifically. Communicate effectively by using the correct scientific vocabulary, listening to group members and resolving any conflict appropriately.</p>

<p>Humanities</p>	<p>Through Humanities, pupils: Learn about a range of different religions and the social interactions involved, sharing understanding respectfully. Engage in learning about and interact with people of different religions. Apply knowledge and understanding of the British Values and link to an understanding of the local and wider world communities. Work collaboratively through research, field trips and projects. Explore historical figures, particularly different socio-economic backgrounds. Explore how attitudes, values and laws have changed over time and identifying how and why.</p>
<p>Art and Design</p>	<p>Through Art and Design, pupils: Work collaboratively to plan, create and evaluate projects, art pieces and products. Apply their understanding of healthy eating to plan and prepare meals knowing how this contributes positively to society. Engage in school, Trust and Community projects. Apply the British Values by respecting the views and perspectives of others.</p>
<p>P.E</p>	<p>Through PE, pupils: Develop teamwork and sportsmanship through sports practice and performance. Resolve any sporting conflict with respect and value of others. Engage, PE and sporting events. Understand the value of engaging in fitness noting the impact on both physical and mental health and realising how this effects society positively.</p>
<p>PSHE and Citizenship</p>	<p>All elements of PSHE and Citizenship encompasses all elements of Social Development.</p>
